Dear Eygló and members of Iceland State Organization,

On behalf of the DKG international Headquarters, we congratulate your State Organization as you celebrate the 40th anniversary of the founding of the Iceland State Organization next fall.

We understand that there might have been some confusion over the official date of the founding of Iceland as a part of Delta Kappa Gamma. The state organization was founded on November 7, 1975 when Alpha Chapter was chartered. There can be no chapter without a state organization hence the Founders of Iceland State Organization were also charter members of Alpha Chapter when they were initiated that day. Officially Iceland State Organization is listed in the Society's Go-To Guide and other documents as founded on November 7, 1975.

We certainly acknowledge the excellence that your organization has shown over the past 40 years. Iceland State Organization has made significant contributions to the Society and to the mission and vision of the organization. We know that will continue over the next 40 years and beyond!

Sincerely Yours,

Sandra Smith Bull
